EDUCATION

New York University Abu Dhabi

Bachelor of Arts in Interactive Media Arts

Abu Dhabi, UAE

May 2026

SELECTED UX PROJECTS

Domicile — Narrative Game, UX & Interaction Design

Team Project — UX/Interaction Designer, Environmental Artist, Sound Designer

Abu Dhabi, UAE

- Iterated on exploration and interaction UI across multiple playtest rounds — unifying inconsistent icon prompts under one interaction cue, fixing a disabled-cursor navigation issue, and correcting HUD layout and proportions that affected readability.
- Authored the game's dialogue and environmental storytelling, spanning a dozen-plus interactable objects.
- Designed the game's sound identity solo — casting and pitch-mapping raw audio samples in Logic Pro into a non-verbal character voice system, then scaling it across 60+ dialogue lines.

Abu Dhabi Metro Map Redesign — Information & UX Design

Individual Coursework Project

Abu Dhabi, UAE

- Redesigned Abu Dhabi's transit map to legibly communicate route-specific behaviors — a weekend-only line, an express route — to an internationally diverse, first-time rider base.
- Benchmarked global metro design systems to inform station node treatment, pictogram logic, and bilingual Arabic/Latin labeling conventions.
- Iterated through multiple map versions, balancing geographic accuracy against scan-ability, and rebalanced line design to better reflect real passenger travel patterns.

Also designed the client-selected winning logo concept for the NYUAD Research Institute (Logo Design course).

EXPERIENCE

Communications Student Assistant

Fall 2025 – Spring 2026

Art & Art History Department and Arts & Humanities Divisional

Abu Dhabi, UAE

- Designed visual materials, branded assets, and promotional posters for departmental events and communications, increasing visibility and maintaining cohesive branding across touchpoints.
- Managed the A&H Dean's newsletter and provided administrative support to the Arts & Humanities Administration team, including event logistics and promotional material production.
- Collaborated across teams to streamline communications workflows and support division-wide events.

Candidate Weekend Group Leader

Winter 2025

Office of Undergraduate Admissions

Abu Dhabi, UAE

- Represented NYU Abu Dhabi at its flagship admissions event, mentoring a cohort of top prospective students among over 280 attendees throughout Candidate Weekend.
- Partnered with Admissions staff and peer leaders to maintain event integrity, resolve challenges in real time, and elevate the candidate experience.
- Fostered an inclusive, supportive environment that encouraged engagement and professional conduct among participants.

Graphic Design Student Assistant

Spring 2024, Spring 2025

Interactive Media Department

Abu Dhabi, UAE

- Created digital and print promotional materials for the End of Semester and Capstone Showcases, helping draw an audience of 300 attendees while maintaining brand consistency.
- Partnered with Interactive Media faculty to design visual assets that reinforced program objectives and elevated the audience experience.
- Led design projects from concept to delivery, incorporating faculty feedback to produce polished, professional final assets.
